MACKENZIE ART GALLERY  
*engaging people in transformative experiences of the world through art*

**JOB POSTING**

**Job Title:** Development Associate

**Department:** Development

**Status:** Permanent, In-Scope (CUPE 5791) position

**About the MacKenzie Art Gallery:**

The MacKenzie Art Gallery plays an important role in the Canadian and International art ecosystem. Programming primarily contemporary art from the prairies, Canada and abroad, the MacKenzie addresses an encyclopedic range of visual art and has a proud and consistent history of being an ally in exhibiting and collecting the work of Indigenous artists, with leadership from Indigenous curators. The MacKenzie is at a crucial point in our history where we are seeking to critically examine our own histories, failings, and opportunities as we redefine our role as a cultural institution within our community. We are seeking a visionary leader who can bring a spirit of care, thoughtfulness, play, experimentation, and responsibility to our artistic vision, guiding a professional team to work collaboratively with each other, with artists, and our broader community.

Opening in 1953 on the University of Saskatchewan Regina Campus (now the University of Regina), in the first purpose-built art gallery building in western Canada, the MacKenzie enjoys a nationally unique partnership with the U of R. After separating in 1990, and moving to its current premises, MAG now maintains separate board governance, site and an expansive mandate and quarters in the T.C. (Tommy) Douglas Building. The MacKenzie features an outdoor sculpture garden with potential for growth through loans, acquisitions, and commissions. The MAG is situated in Treaty Four on the traditional territory of the Cree, Saulteaux, Lakota, Dakota, and Nakota people, and the homeland of the Métis Nation. The MacKenzie is housed in a 115,000 sqft facility, maintained to Class A Museum standards, with a permanent collection that spans 5000 years of art with nearly 5000 works. The MacKenzie is located on the edge of the 2300-acre Wascana Centre, the largest urban park in Canada. Wascana Centre (1962) was designed by renowned modernist architect Minoru Yamasaki, designer of the original World Trade Center in New York, and is a living artifact of modernist design heritage.

**Primary Purpose:**

The Development Associate works with the Director of Development and CEO, to optimize the contributed and earned revenue and other philanthropic support of the MacKenzie Art Gallery, contributing to the sustainability and total development of the organization.

**Nature of Work:**
